Child Marriage:- Very little information was available to the department about the issue of child marriage in the district, but by running an awareness campaign regarding child marriage in the entire district through Lok Aastha Seva Sansthan Gariaband and also through meetings with various stakeholders. Created understanding about law. Due to which the cases of child marriage started coming to light in the district through 1098 and Volunteer. By coordinating with the department, the organization continuously created awareness about child marriage among the people through meetings, training, rallies, posters and pamphlets. Child marriage cases have decreased due to increased awareness among children and the community.

Through the chart, year wise cases of forced marriage can be understood –

Child Labour:- Child labor is a social evil, which is seen all over India, to remove which the government and organizations working in the field of child protection are trying to eliminate it. Lok Aastha also prepared an action plan to reduce child labor from the beginning, along with the department, along with the rescue campaign, awareness campaign was also conducted, by meeting contractors/unions of different works, understanding was created about child labor law. As a result, there has been a reduction in the incidence of child labor in the district as well as increased awareness in the community. During the rescue, most of the children were found to be studying, whereas during the summer vacations, most of the children were found to be child labourers. After rescuing the children who are victims of child labour, freeing them

from child labour, those children who want to study further or get involved in skill development, such children have been identified and joined. Through the chart below we can understand the situation of child labor in the district:-

Medical Cases:- From session 2019 to August 2024, the institute worked on 356 medical cases. Out of which 219 cases are of malnourished children, they were brought to NRC Gariaband where a scheme is run to nourish the children, such children along with their mothers stay in the Nutrition Rehabilitation Center for 15 days and are given nutritious food, along with Rs 2200 is given at the time of returning home and one has to come to NRC for re-check twice every 15 days. The amount received can be spent on nutritious food for children at home.

Sponsorship Case: - This scheme was brought by the Central Government in the year 2022-23, under which such children who are orphans, poor children with single parents, children who are victims of child marriage, child labour, etc., are provided basic facilities for survival and education. A provision has been made to give Rs 4000 per month. Lok Aastha Seva Sansthan identified 125 children and submitted them to the Women and Child Development Department, Gariaband along with all the documents to get them connected to the sponsorship scheme. In which 56 children became eligible and are getting the benefit of the said scheme, a total of Rs 224000 is being received per month. At present, a total of 189 children in the district are benefiting from this scheme, who are receiving a total of Rs 756,000 per month.

Cases related to education:- The institute worked on 124 cases related to education in which 105 children were helped in getting admission in school, who left school and their family members also did not pay attention to the education of their children due

to poor circumstances. Were not paying but wanted to save money, school fees of 8 children were waived off, 11 children who were unable to buy books were provided books from the same school.

Case related to Covid-19:- There was a lockdown in the entire country during the Covid-19 pandemic, but the institute did publicity through wall writing, posters and pamphlets to make the community and children aware about the Covid-19 pandemic. | Work was done to provide proper treatment and medical support to the children infected with Corona, as well as children from economically weak families, orphans and disabled children were helped by distributing dry ration through the institute. During the Corona epidemic, work has been done in 462 Corona related cases, which includes assistance in proper treatment, distribution of medical materials and dry ration to the parents and their children infected with Corona. While doing this work, the staff of the institute also got affected by Corona, but kept working with caution.
